

UK Degree Transfer Programme (Law)

ATC is proud to offer students the option of graduating from some of the finest universities in the UK after starting their journey right here at ATC. The UK Degree Transfer Programme is designed in a way that allows the student to complete up to the first 2 years of the degree programme here at ATC and then move on to complete the degree at a partner university of their choice.

This will be an economical way of obtaining a degree from the partner university of choice as you only have to spend 1 year in the UK. However, it must be noted that this arrangement does not in any way affect the final qualification that you receive from the partner university. The degree certificate that will be awarded will be the exact same one that you will get if you had attended the partner university entirely.

Start your journey to a UK degree in law with the added benefit of a UK student experience at a fraction of the cost today.
